Recipient since 2002. One Star Export House, AEO(Advance Economic operator)

Our Capabilities
Coating, Calendering, Printing, Lamination, Embossing, Complete in-house testing with own fabric manufacturing

Manufacturing Location
Spread over a ten acre campus. Just 30 minutes from New Delhi

ABOUT US

PPL is India's leading manufacturer of quality PVC products with over 30 years of unwavering commitment to excellence.

Established in 1992 by Shri A.N. Goenka, a veteran in the industry, PPL is known for its innovative solutions and adherence to international quality standards.

With a diverse range of capabilities, including coating, calendering, printing, lamination, embossing, and complete in-house testing, we ensure that every product meets the highest standards of quality and reliability.

Vision. Customer. Innovation. Culture

A NOTE FROM OUR
MANAGING DIRECTOR

"I joined Premier Polyfilm (PPL) in 1998. Its been 25 years of a lot of learning, experience and challenges that life throws at you. Plastic Processing is a competitive industry. Survival I think universally now is not just the Fittest , but much more to do with good intentions and a Kaizen approach to do better than yesterday, we approach each new day. In 2023, Premier Celebrated 30 years, a journey of grit, dedication, truth, trust and goodwill. I am thankful to our team, our customers & our suppliers. Invite you to give us an opportunity, where we can meet your Product Requirements and Challenges."

- Amitaabh Goenka

OUR
CORE VALUES

V

Our vision
is to be the most preferred supplier of PVC vinyl quality products, achieved through innovation, creativity, and unwavering commitment to excellence.

C

Customer
Committed to consistently exceeding the customers expectations by delivering high-quality solutions and exceptional service.

I

Innovation
Embracing a culture of continuous improvement and new technologies to drive innovation in PVC calendared products through advanced manufacturing process and techniques.
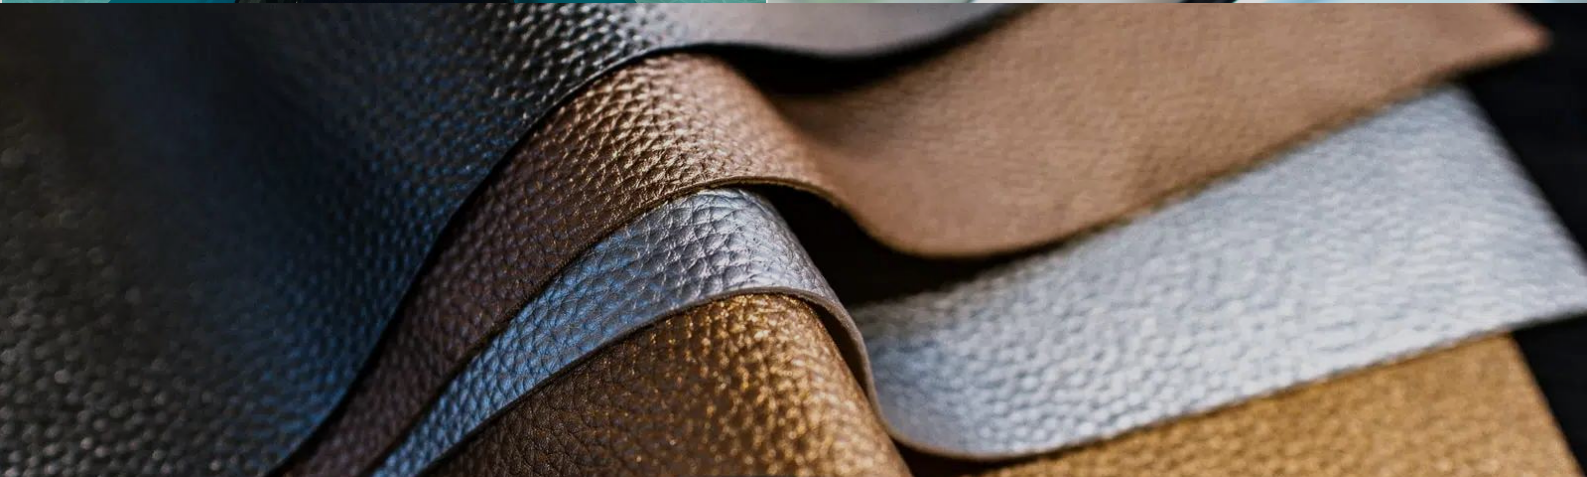

C

Culture
Fostering a collaborative and work environment that values diversity, creativity, and a shared commitment to excellence.
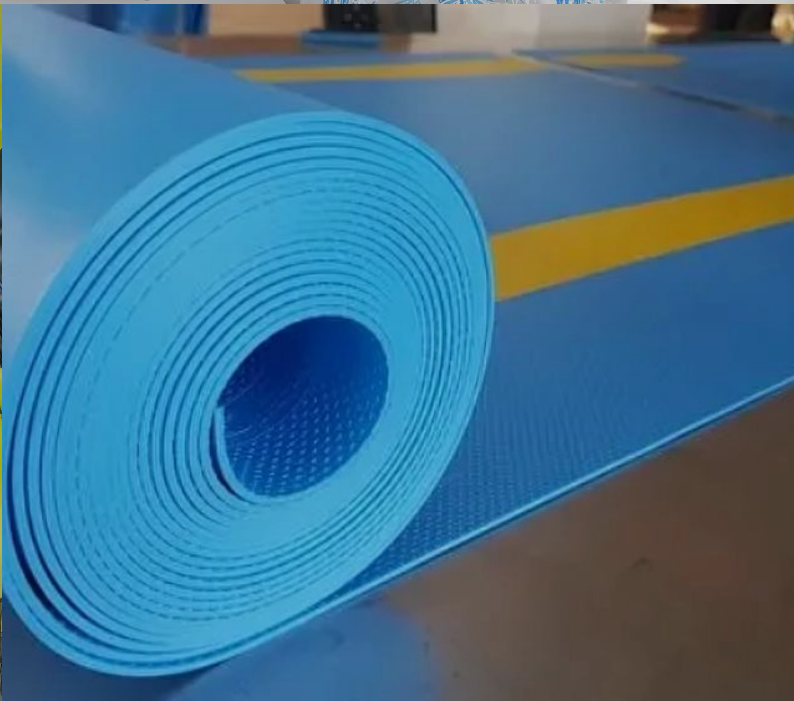

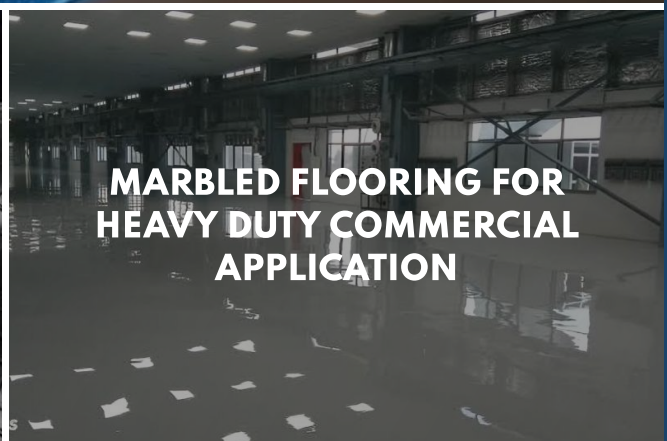

Vision. Customer. Innovation. Culture

OUR PRODUCTS

Range Of PVC Flooring

SAFETY FLOORING FOR TRAIN & BUS

ANTI STATIC & ESD FLOORING

INSULATION MATS FOR ELECTRICAL PURPOSES FOR 100% SAFETY FROM LEAKAGE CURRENT

EMBOSSED / ANTISKID FLOORING FOR HEAVY DUTY COMMERCIAL APPLICATION

MARBLED FLOORING FOR HEAVY DUTY COMMERCIAL APPLICATION

POLY FLOOR VINYL FLOORING

DUROFLOOR® VINYL FLOORING

Vision. Customer. Innovation. Culture

Safety Flooring
FOR TRAIN & BUS

These are Heavy duty Anti-slip flooring rolls with a Non-Directional chip pattern & silicon carbide granules on the top surface. They impart a high degree of slip resistance and mostly used in Train & Buses.
We are one of the oldest suppliers of Flooring & upholstery cloth to the Indian Railways

SALIENT FEATURES

Fully flexible Resilient flooring offering superb abrasion resistance & high in slip resistance

Meets Fire & Smoke properties, suitable for use in Trains & Buses

Also Available with Glass Scrim Reinforcement for high Dimensional Stability

SPECIFICATIONS	
THICKNESS	1.50mm, 2.00mm & 3.00mm
ROLL WIDTH	1.50 Mtr & 2.00 Mtrs
ROLL LENGTH	15mtr

Vision. Customer. Innovation. Culture

Marbled Flooring
FOR HEAVY DUTY COMMERCIAL APPLICATION

SALIENT FEATURES

Dynamic & fully flexible resilient flooring

Quick cleaning & easy maintenance

Recommended for Offices, Porta Cabins, Auditoriums, schools, libraries, healthcare etc.

Heavy duty flooring rolls with marbled design, ideal for places like Factories, Prefabricated building sector, Offices, Porta cabin etc.

SPECIFICATIONS	
THICKNESS	1.0 mm to 2.0 mm
ROLL WIDTH	1.50 mtr, 2.0 mtr
AVAILABLE (READY STOCK) IN RANGE OF SHADES	

Vision. Customer. Innovation. Culture

Antistatic & ESD Flooring

Antistatic / ESD flooring is a very effective safeguard against the loss of data, malfunctioning of sensitive electronic equipment or computers. This flooring is highly recommended for controlling the generation, accumulation & dissipation of static charges, ensuring optimal protection.

SALIENT FEATURES

Surface Electrical Resistance Antistatic Flooring: 5×10^7 to 5×10^8 Ohms, Conductive flooring range upto 5×10^4 Ohms

For area where controlling generation, accumulation & dissipation of static charge is necessary

SPECIFICATIONS	
THICKNESS	2.00 mm
ROLL WIDTH	1.50 mtr, 2.00 mtr
ROLL LENGTH	20 mtr linear mt , 15 linear mtr
AVAILABLE (READY STOCK)	Tiles 305mm x 305mm & 610mm x 610mm

Vision. Customer. Innovation. Culture

Embossed / Antiskid Flooring
FOR HEAVY DUTY COMMERCIAL APPLICATION

SALIENT FEATURES

They are 'M" or "P" rated depending upon thickness and have a slip resistance of R10

Can be produced with Low Fire & Smoke properties for Buses & trains

Custom colours can be produced based on the customer's preference

Embossed flooring are also available with a polyester felt backing

Embossed Floorings have a deep embossed top surface, which is meant to provide extra grip for safe movements. These floorings are produced in a wide range of deep embossing designs which provides Designs like Coin, Chequer Plate, Dew Drops, Hexagon, Diamond, etc are very popular & provide a neat geometrical pattern on the floor.

SPECIFICATIONS	
THICKNESS	0.80 mm to 3.00 mm
ROLL WIDTH	1 mtr, 1.5 mtr & 2mtr
ROLL LENGTH	15 to 30 mtr

Vision. Customer. Innovation. Culture

ELECTROMAT®
High Voltage-Insulating Mats

INSULATION MATS FOR ELECTRICAL PURPOSES FOR 100% SAFETY FROM LEAKAGE CURRENT

"ELECTROMAT" Insulating Mats are required for safety of workers working on upto AC 33KV & DC 240V installations in all kinds of sub-stations operating HT, LT switch-gears, control panels, transformer rooms, battery rooms, generator rooms and bus bar panels etc.

SALIENT FEATURES

· Fire Retardant
· High Tensile Strength
· High Dielectric Strength
· High Insulation Resistance
· Made from Elastomer
· Moisture Proof & Easy to Clean
· Life Span 10 to 15 years
· Confirming to IS : 15652-2006
· CPRI & ERDA LAB Tested

SPECIFICATIONS	
THICKNESS & APPLICABLE VOLTAGE	DI-ELECTRIC STRENGTH AS PER IS: 15652:2006
2.0 MM FOR 3.3 KV	Min 30KV
2.50 MM FOR 11 KV	Min 45KV
3.0 MM FOR 33 KV	Min 65KV

Vision. Customer. Innovation. Culture

PVC Flooring Installation Accessories

PPL provides complete range of accessories for installation of their flooring products

PVC Welding Cords

PVC welding cords are used for smooth installation of floor covering. Welding rods are available in a range of colours designed to blend with the floor coverings.

PVC Skirting

Skirting can help define where the floor ends and the wall begins and hence it provides a neat joint between the wall and the floor.

PVC Capping

PVC Capping strip gives a neat finish to the installation and ensures continuous, sealed surface.

PVC Corner Guard

PVC corner guards protect exposed parts and the vulnerable corners against the roughest treatment.

PVC Coving

These tough covings give protection to the wall decorations at floor level.

PVC Stair Nosing

PVC Stair Nosing help to reduce accidents on stairs by offering slip-resistance.

Vision. Customer. Innovation. Culture

POLYFABS
ARTIFICIAL LEATHER

SALIENT FEATURES

- Fire Safety Standard:
- ASTM, EN, IS, CRIB-5, EN-45545/HL-3
- Non-Fading - UV Resistance
- Super Anti-Slip
- Stay Clean
- Acoustic Properties
- 10 C Cooler Stay Cool
- Anti Fungal / Anti BacterialTreated
- Weather Resistant
- Heavy Metal Free
- High Abrasion Resistance
- ROHS Compliance
- Salt Water Resistant

Serving the Automotive & Transport Industries PVC Artificial Leather Seating & Interior Needs for Trains, Buses, Cars, Two Wheelers and Marine Transportation. Supplier to automotive OEMs in India & Overseas. PVC Artificial Leather Meeting The Top Safety Standards.

SPECIFICATIONS	
THICKNESS	0.70, 0.80, 0.85, 0.90, 1.00, 1.10, 1.20, 1.50, 1.70 MM
COATING COMPOSITION	100% PVC
FABRIC	Choice of fabric from 100% Polyester, Nylon, Cotton, Woven fabrics & Knitted
WEIGHT	500-1000 GSM
WIDTH	1370 MM STANDARD ALSO AVAILABLE UP TO 60 " WIDE

Vision. Customer. Innovation. Culture

PVC Films & Sheeting

PVC Films & Sheeting for the Automotive and Transport Industry, Interiors, Tool Kit, Healthcare and numerous household applications. Our range of PVC printed, reverse printed with multiple designs suitable for Raincoat, Table Cover, Urine Bag, Curtain, PVC Tapes, Medical Apron, Stationery Sheeting & All types of PVC Sheets & Films for every need.

SALIENT FEATURES

Heavy Metal Free

High Abrasion Resistance

ROHS Compliance

Non Toxic

Colour Fastness

SPECIFICATIONS	
THICKNESS	80 micron up to 0.50 mm can be customized
WIDTH	1370 mm Standard Also Available up to 60 " wide

Vision. Customer. Innovation. Culture

Walltastic®

PVC SELF ADHESIVE WALLPAPER / DECORATION

Self-adhesive vinyl wallpaper to transform your wall space. Over 1000 designs from Stone, Marble, Decorative, Geometrical etc.

SALIENT FEATURES

Self Adhesive

Exceptional Quality

Textured

Easy to Remove

Stain Free

Made in India

1000+ Patterns

SPECIFICATIONS	
WIDTH	18", 24" & 36" ALSO AVAILABLE UP TO 54" WIDE can be customized
ROLL LENGTH	30 mtr standard can be customized

Vision. Customer. Innovation. Culture

AQUALINING®
PVC GEOMEMBRANE LINING SYSTEM

SALIENT FEATURES

BIS approval received for AQUALINNING brand name for thickness 0.75MM, 1.50 MM & 2.0 MM

Test reports from reputed labs like M/s. Spectro Labs/ Sreeram Lab confirming all the properties meeting the international ASTM & DIN Standards

Undertaking complete turnkey contracts: Supply & Installation

Underground waterproofing PVC membranes are widely used in construction for roofing application due to their flexibility and ease of installation. The materials chemical resistance further enhances durability, making it a very popular choice for protection structures against water infiltration for tunnels.

SPECIFICATIONS	
THICKNESS	0.75, 1.00, 1.50, 2.00 & 3MM
ROLL WIDTH	2mtr
ROLL LENGTH	20 mtr

Vision. Customer. Innovation. Culture

Pool Liners

SALIENT FEATURES

· Anti microbial

· Anti stain

· Chemical resistant

· UV stable

· NON toxic

· 10 years warranty

These liners are used in swimming pools to save time and money. They have a perfect finish and design of Stone, Marble, Glass Mosaic, Solid Colours etc. with antimicrobial property. Anti-stain, NON Toxic, Chemical resistant, UV stable, 10 years Warranty. These are produced in rolls from 1.50mm thickness and up to 2 meters width.

SPECIFICATIONS	
THICKNESS	1.50 MM
ROLL WIDTH	1.8 mtr, 2.0 mtr
ROLL LENGTH	20 mtr
